

Joshua Routh

Appearance / Technical Rider

Simple, professional requirements to help your event run smoothly.

Thank you for your partnership. The following items will help ensure the best possible experience for your organization and allow Joshua to deliver the program at the highest level.

1	Projection: Video projector and screen compatible with a Windows laptop. HDMI connection preferred. Joshua brings his own computer and presentation clicker.
2	Audio: Adequate sound system with a wireless microphone. A lavalier microphone or headset microphone is preferred.
3	Computer Audio Feed: Ability to connect the venue sound system to the computer so music and audio can be played during the program.
4	Technical Check: All technical requirements should be ready for a sound and technical check at least one hour prior to the scheduled start time of the program.
5	Recording Notice: Please inform Joshua Routh / Speak Talent of any audio or video recording of the program. Please provide a copy of the recording to Joshua Routh / Speak Talent.
6	Stage Setup: Two bottles of room-temperature bottled water and one six-foot table for marketing materials and merchandise sales.
7	Food: It is not necessary to provide food or snacks. Joshua travels with his own due to food allergies. If any meals or snacks are provided, they must be vegan.

Questions or venue details

Please direct any questions to joshua@joshuarouth.com or 636-628-5955.

Providing the items above will help ensure a seamless and successful program experience.
